1. Data for the home visiting models funded by CHVP comes from CHVP's ["Where We Are"](#) page.
2. Data for the home visiting models funded by the CalWORKs HVP comes from the [CalWORKs' HVP- Fact Sheet](#).
3. Active involvement in home visiting by First 5s is defined as offering comprehensive support such as coordinating with local entities and service providers to improve HV referral pathways, providing direct financial support such as funding local community-based organizations that provide HV services, or directly providing home visiting services to families. Data on First 5s involvement in HV services comes from interviews conducted with First 5s on their home visiting practices.
